Find out our LATEST SOLUTION

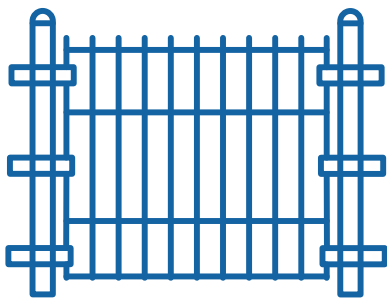

We inspire and provide well-thought solutions.

At Tulplast you will find plenty of ideas for installation of fencing panels.

All for installation of fencing

Wide range of accessories for installation of fencing panels ensures a connector design perfectly matched to the style and colour scheme of the fencing. We created the offer with a comprehensive construction of a fencing in mind.

INSTALLATION OF FENCING PANEL BETWEEN POSTS

INSTALLATION OF FENCING PANEL TO POST "FRONT"

Plastic intermediate clamp

Counterpart of metal clamp.

During installation the same distances between fencing posts are kept as in the case of mounting a metal intermediate clamp.

WHY ACCESSORIES FOR INSTALLATION OF FENCINGS FROM TULPLAST?

Accessories from a Polish manufacturer

For 30 years we have been delivering accessories for installation of panel and mesh fencings to thousands of customers. We are sure of their high quality. We offer a wide choice of elements for installation of fencing. We will prepare a comprehensive proposal, and the order will be dispatched from our storage within 24 hours.
